

Digital Photo Frame

7"-10" multi-function DPF

Show a life, not a picture

The ViewSonic VF Series of Digital Photo Frames, ranging from seven to ten inches diagonally, inherits ViewSonic's leading video and media technology to spice up your days with life-like, spirited images and even videos.

The stylish black frame of the VF Series blends seamlessly into any home or office décor while displaying static photos or slideshows.

With easy screen controls, you have full control over the images. The photos can be displayed in either landscape or portrait mode with the manual rotation function. Slide show is with selectable speed and transition effect options.

All ViewSonic Digital Photo Frames accept USB 2.0 storage devices or SD/ SDHC/ MMC/ MS/ MSpro memory cards and support photos in JPEG format. In addition to the rich standard features, the top-of-the-line VFM1036W-51E also features a high-resolution 1024x600 10-inch screen and 128MB internal memory to keep and show photos more brilliantly. It also plays your favourite MP3, MPEG1/4 and Motion JPEG audio and video files along with photos and slideshows with the included remote control to offer an even more lively viewing experience.

Better yet, the alarm clock and calendar functions of VFM1036W-51E reminds you of important events and occasions to keep everything on schedule while showing your favourite photos of the loved ones.

ViewSonic Digital Photo Frame is the best choice for personal use and gifting for any occasion.

USB 2.0 port allows fast photo imports from your camera, computer or USB drive.

Also supports memory cards:
SD, SDHC, MS, MMC, MS Pro
